

AMENDMENTS TO THE CLAIMS

The listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (canceled).
2. (currently amended) A computerized method having a processing computer for ~~of~~ processing orders for full color printing, said method comprising:
 - ~~supplying to~~ providing a customer a ~~price calculator~~ pricing engine, wherein said ~~price calculator~~ pricing engine includes one or more printing configuration options, in which the customer selects the one or more printing configuration options;
 - ~~allowing the customer to select or enter data for one or more printing configuration options;~~
 - ~~using said price calculator to automatically calculate~~ calculating a price quote based on the one or more printing configuration options selected by the customer, wherein said ~~price calculator~~ pricing engine automatically and substantially instantaneously calculates a new price quote each time the customer selects or enters data for one or more new configuration options at the customer before forwarding to the processing computer at a printing service provider; and
 - displaying automatically said price quote at the customer;
 - ~~wherein calculating and displaying the price quote is substantially instantaneous as said customer selects or enters data for printing configuration options; and~~
 - ~~wherein calculating and displaying the price quote is done without querying a service provider's server.~~
3. (previously presented) The method of claim 2 further comprising obtaining from said customer a digital graphic layout or image file to be printed.
4. (canceled).

5. (previously presented) The method of claim 2, further comprising converting said digital graphic layout or image file to a format with a full color printing system.

6. (previously presented) The method of claim 2 further comprising preparing said digital graphic layout or image file for full color printing.

7. (previously presented) The method of claim 2, further comprising creating a proof and obtaining approval from said customer of said proof.

8. (previously presented) The method of claim 7 further comprising allowing access to said proof over an electronic communication medium.

9. (previously presented) The method of claim 2, further comprising obtaining payment from said customer.

10. (previously presented) The method of claim 2, further comprising printing said file and delivering printed material to said customer.

11. (previously presented) The method of claim 2, further comprising using a global information and communication network.

12-16. (canceled).
